Seminar on Dredging and Reclamation

8 - 12 November 2010, Singapore

FOR WHOM

For (future) decision makers and their advisors in governments, port and harbour authorities, off-shore companies and other organisations that have to execute dredging projects, the International Association of Dredging Companies organises the International Seminar on Dredging and Reclamation. The Seminar organised in co-operation with the National University of Singapore from 8 - 12 November 2010.

In addition to basic dredging methods, new equipment and state-of-the-art techniques are explained

GENERAL

Since 1993 IADC has, often in co-operation with local technical universities, provided a week-long seminar especially developed for professionals in dredging-related industries. These intensive courses have been successfully presented in Delft, Singapore, Dubai, Buenos Aires, Bahrain and Mexico.

As is appropriate to a dynamic industry, the seminar programme is continually updated. In addition to basic dredging methods, new equipment and state-of-the-art techniques are explained. The Seminars reflect IADC's commitment to education, to encouraging young people to enter the field of dredging, and to improving knowledge about dredging throughout the world.

The Seminar in Brief

To optimise the chances of the successful completion of a project, contracting parties should, from the start, fully understand the requirements of a dredging project. This five-day course strives to provide an understanding through lectures by experts in the field and workshops, partly conducted on-site in order to give the "students" hands-on experience.

SUBJECTS

Some of the subjects covered are:

- the development of new ports and maintenance of existing ports;
- project phasing (identification, investigation, feasibility studies, design, construction, and maintenance);
- descriptions of types of dredging equipment and boundary conditions for their use;
- state-of-the-art dredging techniques as well as environmentally sound techniques;
- pre-dredging and soil investigations, designing and estimating from the contractor's view;
- costing of projects and types of contracts such as charter, unit rates, lump sum and risk-sharing agreements.

Descriptions of types of dredging equipment and boundary conditions for their use.

Seminar on Dredging and Reclamation

8 - 12 November 2010, Singapore

SITE VISIT

An important feature of the seminars is a trip to visit a dredging project being executed in the given geographical area. This gives the participants the opportunity to see dredging equipment in action and to gain a better feeling of the extent of a dredging activity. Each participant receives a set of comprehensive proceedings with an extensive reference list of relevant literature and, at the end of the week, a Certificate of Achievement in recognition of the completion of the coursework.

LOCATION

The next IADC seminar will be organised in co-operation with the National University of Singapore in Singapore, from 08 - 12 November 2010. The seminar's venue will be the Grand Park City Hall Hotel.

Please note that full attendance is required for obtaining the Certificate of Achievement.

A trip on a trailing suction hopper.

PROGRAMME

Highlights of the programme are:

- Day 1** Why Dredging? The Need for Dredging/Project Phasing
- Day 2** What is Dredging? Dredging Equipment/Survey Systems (includes a Site Visit)
- Day 3** Cost, Pricing and Contracts
- Day 4** Preparation of a Dredging Contract
- Day 5** Dredging Projects

COSTS

The fee for the week-long seminar is € 2,950 (VAT inclusive). This includes all tuition, seminar proceedings, workshops and a special participants dinner, but excludes travel costs and accommodations.

Dredging projects: Logo Islands

Seminar on **Dredging and Reclamation**

8 - 12 November 2010, Singapore

REGISTER NOW!

Representatives of port authorities, companies, and individuals, with an education level equivalent to at least a B.Sc. or comparable work experience, interested in attending should register as soon as possible since the number of participants is limited.

Final registration will only take place after IADC has received a non-refundable deposit of € 500 per participant.

REGISTRATION FORM

Male: Female:

Initials: Title:

Surname: First name:

Company address

Company: Phone:

Address: Mobile:

Postal code: Fax:
